What people are saying about BenzTek...

"I compared BenzTek to a dealers estimate. The dealer quoted \$1,044 for six hours of labor. That's \$174 per hour! BenzTek charges \$89 per hour. I saved \$510!!"

N.M. Mokena, IL

"The dealer said my '99 ML 320 needed extensive suspension repair. Their estimate was \$4,000! I was shocked, so a friend recommended I get a price from BenzTek. BenzTek's estimate was \$2,000, but their final invoice was \$1,300. From now on I'll be going straight to BenzTek."

R.H., Hinsdale, IL

"The dealer said the hard shifting of my transmission was normal. BenzTek did a transmission flush and now the car shifts smoothly again."

A.S., Chicago, IL

"It's a long drive from Lincolnshire to Countryside, so I send my cars to Benztek on a flatbed tow truck. I could go to a local dealer, but I know Benztek will get the job done right the first time."

M.A., Lincolnshire
